The GMI Mission

GMI bridges the gap between graduation and first career jobs for underrepresented young professionals from diverse communities.

Through leveraging digital resources, mentorship, AI, and human connection, we are **building a more equitable workforce** of tomorrow's leaders.

Our Story

GMI was born from the Rockefeller Foundation's Digital Jobs in Africa Initiative.

Good jobs are being created, but often not going to the underserved youth who need them most.

We identified two needs:

- **Address the soft skills knowledge gap**
- **Increase access to open positions**

Our Impact

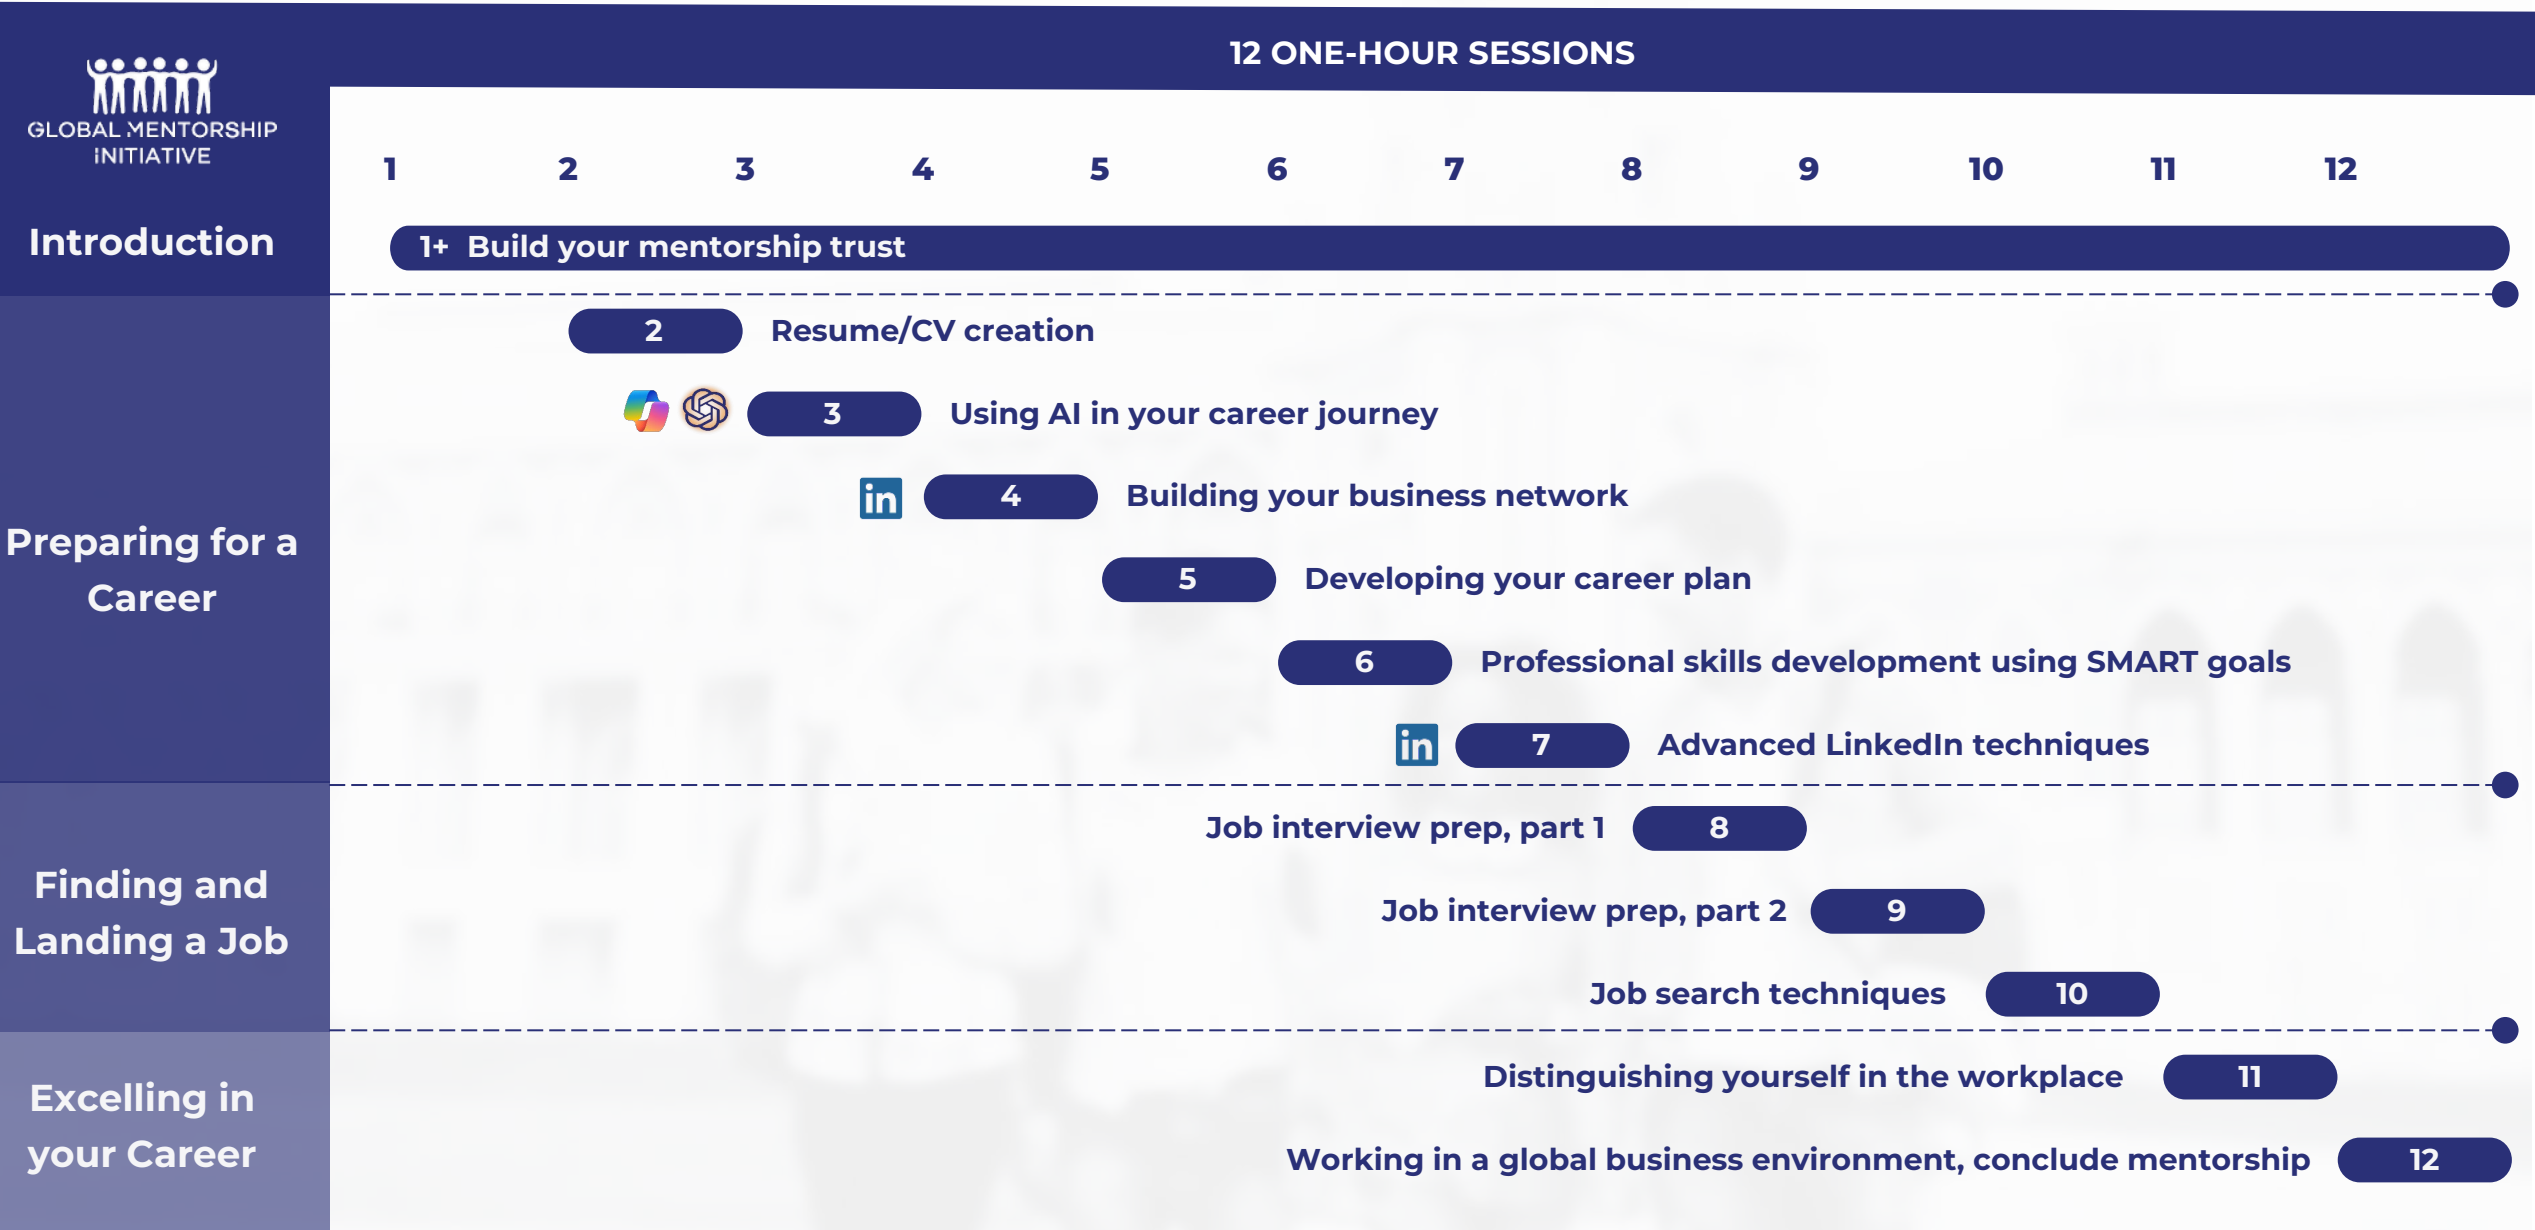

In just five years, GMI now supports over **10,000 students in 102 countries**. Thousands are employed.

A community with dozens of committed university, nonprofit, and corporate partners.

Our local partners nominate students for a GMI mentorship

IT'S EASY TO BE A GREAT MENTOR!

- ✓ 14 one-hour sessions by video conference.
- ✓ **You don't need to be an expert!**
- ✓ Just follow the structured program and add your own personal experience.

"Mentoring with GMI not only develops the future workforce and unlocks opportunity, but it also engages and fulfills our employees in truly meaningful ways."
