The GMI Mission

GMI bridges the gap between graduation and first career jobs for college students around the world.

Through leveraging digital resources, mentorship, AI, and human connection, we are enabling tomorrow's leaders.

Our Story

• • • • •

GMI was born out of the Rockefeller Foundation's Digital Jobs Initiative.

We saw that good jobs were being created but not going to the underserved youth targeted.

We identified two needs:

- **Address** the soft skills knowledge gap
- **Increase** access to open positions

Our solution

A structured, remote mentorship program with measurable impact and ability to scale.

students - 2020

Our Impact

• • • • •

In 5 years, GMI has grown to over **13,000 students in 104 countries**.

In 2025, over **5000 new students** will join GMI.

We are building a community of committed university, nonprofit, and corporate partners, all working together towards a more equitable world.
